ACRONYMS AND ABBREVIATIONS

EXECUTIVE SUMMARY

A. INTRODUCTION	i
Background	i
Importance of the Forestry Sector	ii
The Project	ii
General Assessment of 1990 MPFD Implementation	iii
Overall Forestry Sector Condition	iii
Accomplishments under 1990 MPFD	v
Issues/problems/constraints	vii
Potentials of the sector	vii
Strengths of the sector	viii
B. THE REVISED MASTER PLAN FOR FORESTRY DEVELOPMENT	ix
Scenarios for the Sector	ix
The new outlook	ix
The integrated wood balance model	ix
The forestry Sector Vision and Objectives	xi
Strategic Targets	xi
Programs and Actions	xii
Proposed policy and legislations	xii
Strategic priority programs	xii
C. STRATEGIC PROGRAM IMPACTS	xiii
Business as Usual	xiii
With the Revised Master Plan	xiii
Policy reforms and institutions development	xiii
Prioritization/watershed integrated land use planning simultaneous with forest boundary delineation	xiv
MIS, IEC and R & D enhancement	xiv
Sustainable management of residual forests, other natural forests, arresting forest destruction	xiv
Forest area expansion through plantation development, ANR, other means	xiv
Protected area and biodiversity conservation programs	xv
Forest industries rationalization and development	xv
Sustainable management of grazing lands	xv
Full development of M & E and C & I system for all forest types and management systems	xv
CBFM as a cross cutting strategy in all forest management systems	xv
D. REVISED MASTER PLAN IMPLEMENTATION	xvi
Strategic Institutional Actions	xvi
Financing Strategies	xvi
Schedule of Implementation	xvii
Budgetary Requirements	xx
Monitoring and Evaluation, and Communications	xxi
Review and Revision	xxi

MAIN REPORT

1.0	INTRODUCTION	1
1.1	Background	
1.1.1	Project Objectives	2
1.1.2	Basic Project Methodology	2
1.1.3	Basic Strategic Program Thrusts and Directions of Revised MPFD	3
1.1.4	Policy and Legislation	3
1.1.5	Monitoring and Evaluation	4
1.2	The 1990 Master Plan for Forestry Development	4
1.2.1	Importance of the Forestry Sector	4
1.2.2	General Objectives	4
1.2.3	Major Scenarios, 1990 MPFD	5
1.2.4	The Master Plan Programs	6
1.2.4.1	Man and the Environment Programs	6
1.2.4.2	Forest Management and Products Development Programs	6
1.2.4.3	Institutional Development Programs	6
1.2.5	Total Costs and Financing of the 1990 MPFD	6
1.3	General Assessment of 1990 MPFD Implementation	7
1.3.1	Overall Forestry Sector Condition	7
1.3.2	Accomplishments under 1990 MPFD	9
1.3.3	Issues/Problems/Constraints:	9
1.3.4	Potentials of the Sector	11
1.3.5	Strengths of the Sector	12
2.0	SUBSECTORAL ASSESSMENT	13
2.1	Watershed	13
2.1.1	Introduction	13
2.1.1.1	Current State of Watershed Management	14
2.1.1.1.1	The Philippine Watersheds	14
2.1.1.1.2	Watershed Degradation	15
2.1.1.2	Causes of Watershed Degradation	16
2.1.1.3	Current Initiatives Addressing Watershed Degradation	19
2.1.1.3.1	Policy	19
2.1.1.3.2	Institutional	20
2.1.1.3.3	Technology	21
2.1.2	The Watershed Management Component of 1990 MPFD	21
2.1.2.1	Major Issues in Watershed Addressed	21
2.1.2.2	Goals and Objectives	21
2.1.2.3	Strategies	22
2.1.2.4	Programs and Targets	22
2.1.2.5	Assessment of the Responsiveness of the MPFD To the Current Conditions	22
2.2	Natural Forest Assessment	24
2.2.1	Introduction	24
2.2.2	Natural forest status	24
2.2.2.1	The Dipterocarp Forests	24
2.2.2.2	The Mangrove Forests	25
2.2.2.3	Pine forests	28
2.2.3	1990 MPFD Provisions	31
2.2.3.1	Dipterocarp Forests	31
2.2.3.2	Mangrove Forests	31
2.2.3.3	Pine and Mossy Forests	32

2.2.4	Assessment Of Performance/Effectiveness of the MPFD (1990-2002)	32
2.2.4.1	The MPFD and the Dipterocarp Forests	32
2.2.4.2	The MPFD and the Mangrove Forests	33
2.2.4.3	The MPFD and the Pine Forests	34
2.3	Plantation Assessment	35
2.3.1	Introduction	35
2.3.2	Evolution and Brief History of Reforestation in the Philippines	35
2.3.3	Assessment Performance of Reforestation	36
2.3.4	Relevant Laws, Rules and Regulations	37
2.3.5	Accomplishments vs. Targets	39
2.3.6	Program Impacts	40
2.3.7	Issues, Problems and Constraints	40
2.4	Protected Area System	42
2.4.1	Introduction	42
2.4.2	Issues	42
2.5	Grazing and Pasture Land Management	44
2.5.1	Introduction	43
2.5.2	Goal and Objectives of the 1990 MPFD for the Grazing Land Management Component	45
2.5.3	Policies and Physical Accomplishments vis-à-vis MPFD Targets	45
2.5.3.1	Policies Related to Grazing Land Administration and Management	45
2.5.3.2	Physical Accomplishments of Grazing Land Management Component vis-à-vis MPFD Targets	47
2.5.4	Issues and Concerns on Grazing Land Management	48
2.6	Urban Forestry	50
2.6.1	Goal, Objectives and Strategies of UF Program under 1990 MPFD	50
2.6.2	Assessment Results	51
2.6.2.1	Policies and Programs Related to Urban Forestry Development and Management	51
2.6.2.2	Specific Offices/Units In-Charge of Urban Forestry/Green Space Development and Management	54
2.6.2.3	Physical Accomplishments of Urban Forestry Program	55
2.6.3	Issues / Problems/ Constraints on Urban Forestry or Green Space Development and Management	58
2.7	Community-Based Forest Management	59
2.7.1	Introduction	59
2.7.2	1990 Master Plan Provisions	60
2.7.3	The People-Oriented Forestry Program/CBFM Assessment	62
2.7.4	Issues and Problems	64
2.7.5	POFP Accomplishments under 1990 MPFD	65
2.7.6	Program goals vs. performance	68
2.7.7	Synthesis of Results	69
2.8	IEC and Training	71
2.8.1	Introduction	71
2.8.1.1	Forestry Education in the Philippines	71
2.8.1.2	Forestry Information and Extension	71
2.8.2	Brief Review of the Master Plan Provisions	72
2.8.3	MPFD Assessment	73
2.8.3.1	Accomplishments vs Targets	73
2.8.3.2	Problems, Issues and Concerns	76
2.9	M &E, and Communications	78

2.9.1	Introduction	78
2.9.2	MPFD Assessment	78
2.9.3	Issues and Constraints:	84
2.10	Forest-Based Industries and Forest Products Utilization Sector	85
2.10.1	Importance to the country (economic, environment, etc.)	85
2.10.2	Profile of the Forest-based Industries	86
2.10.2.1	Number of license agreements and area covered	86
2.10.2.2	Number and Annual Log Requirements of Processing mills	86
2.10.2.3	Production, exports and imports of major wood products	87
2.10.2.4	Value of exported and imported wood products	88
2.10.2.5	Production and export of non-timber forest products	90
2.10.3	The Furniture Industry	90
2.10.4	The Handicraft Industry	92
2.10.5	Assessment of the MPFD Programs on Forest Based Industries and Non-timber Forest Products	94
2.10.5.1	Projected versus actual production of major wood products	95
2.10.5.1.1	Log production	95
2.10.5.1.2	Lumber and plywood production	95
2.10.5.1.3	Veneer production	97
2.10.6	Status of Wood-based Industries Programs and Projects	101
2.10.6.1	Provision of Long Term Tenure of Industrial Permits	101
2.10.6.1.1	Issues and Concerns	101
2.10.6.1.2	Financial Assistance in Investments and Retooling	101
2.10.6.1.3	Improvement of Infrastructures	102
2.10.6.1.4	Provision of Incentives	103
2.10.6.1.5	Provide New Technologies	103
2.10.6.1.6	Establish Community-based Industries	105
2.10.6.1.7	Institutional Restructuring	105
2.10.6.1.8	Capacity building	106
2.10.6.1.9	Adequate support system for CBFM	106
2.10.6.1.10	Enterprise Development as an Approach to Community Development	106
2.10.6.1.11	Resource Use Permit	107
2.10.6.1.12	Develop Product Standards	107
2.10.6.1.13	Establishment of a Forest Industries Board	108
2.10.7	Non-wood Forest Based Industries	109
2.10.7.1	Sustainable Management of Existing Resources	109
2.10.7.1.1	Rattan Resources	109
2.10.7.1.2	Bamboo Resources	110
2.10.8	Utilization of Non-commercial and Lesser-Used Non-Timber Species	111
2.10.9	Improved Access to Resources by Local Communities	112
2.10.10	Demand Projections for forest products	113
2.10.11	Demand Projections for Wood	113
2.10.11.1	Demand of the furniture industry for wood	113
2.10.11.2	Demand for wood for housing	113
2.10.11.2.1	Plantation required for wood for furniture and housing	114
2.10.11.2.2	Cost of plantation development for furniture and housing	114
2.10.11.3	Rattan demand projections for furniture	116
2.10.11.3.1	Demand projections for rattan	116
2.10.11.3.2	Plantation required for rattan furniture	117
2.10.11.3.3	Cost of rattan plantation development	117

2.10.11.4	Bamboo demand projections for furniture	118
2.10.11.4.1	Demand projections for bamboo	118
2.10.11.4.2	Bamboo plantation development	118
2.10.11.4.3	Cost of Bamboo Plantation Development	118
2.10.12	Provide New Technologies	119
2.11	Policy and Institutions	121
2.11.1	Introduction	121
2.11.2	Strategic Planning Concept	121
2.11.3	Brief History of Philippine Forestry	122
2.11.3.1	Institutional Aspects	124
2.11.3.1.1	Background	124
2.11.3.1.2	Historical trend	124
2.11.3.1.3	System of policy instruments	125
2.11.3.2	Forest Sector policy	126
2.11.3.2.1	History of Policy Development	126
2.11.3.2.2	1987 Constitution of the Philippines	126
2.11.3.2.3	Current Situation of Forest Policy of Philippines.	127
2.11.3.2.4	Non-Forest Laws Impinging on the Forestry Sector	129
2.11.3.2.5	Impact of interventions in forest policy reforms	129
2.11.3.2.6	Legal matters, rules and regulations	130
2.11.3.2.7	Enabling role of policies	130
2.11.3.2.8	National legal regime	130
2.11.3.3	Structure of Forest Sector Organizations	131
2.11.3.3.1	History of PFA in Philippines	131
2.11.3.3.2	The Department of Environment and Natural Resources	132
2.11.3.3.3	Devolution of forestry functions to LGUs	133
2.11.3.3.4	POs and NGOs	134
2.11.3.3.5	Inter-sectoral and inter-agency co-ordination	135
2.11.3.4	Weaknesses of Forestry Institutions	136
2.11.3.5	Planning and Programming for Forestry	137
2.11.3.6	National Forestation Program	137
2.11.3.7	Master Plan for Forestry Development	137
2.11.3.8	ENR Shell	138
2.11.3.9	Planning Responsibility	138
2.11.3.10	Mobilisation of Funds	139
2.11.3.11	Problems and constraints in forestry planning	142
2.11.4	Human Resource Situation in the Forestry Sector	142
2.11.4.1	Personnel Situation in DENR	143
2.11.4.2	Education and Training	144
2.11.4.3	Association of Professional Foresters	144
2.11.4.4	Other Concerns	144
2.11.5	Forestry Research	144
2.11.5.1	Eco-systems Research and Development Bureau	145
2.11.5.2	Forest Products Research and Development Institute	146
2.11.5.3	Forest Development Center	146
2.11.5.4	Institute for Small Scale Industries of the UP	146
2.11.5.5	ASEAN Institute of Bio-diversity Conservation	146
2.11.5.6	Others	146
2.11.5.7	R & D Constraints	146
2.11.5.8	Forestry Extension	147
2.11.5.8.1	Some constraints	147

2.11.5.9	Monitoring and Evaluation	148
2.11.6	Summary of Institutional Situation	148
2.11.7	Policy and Institutional Problems, Constraints and Issues	149
3.0	SCENARIOS FOR THE SECTOR	152
3.1	The New Outlook	152
3.2	The Integrated Wood Balance Model	152
3.2.1	Background	153
3.2.2	Objectives	154
3.2.3	Methods	154
3.3	Results of the Substudy	156
3.3.1	Physical Forest Account	156
3.3.2	Potential Timber Volume	156
3.3.3	Forest Management Systems	156
3.3.4	Wood Supply Projections	158
3.3.5	Wood Importation	161
3.3.6	Wood Products Demand	163
3.3.7	Supply and Demand Balance	164
3.3.8	Policy Implications/Recommendations	166
3.4	Subsectoral Visions, Objectives and Targets	168
3.4.1	The Forestry Sector Vision and Objectives	168
3.4.2	Strategic Targets	171
3.4.3	Programs and Actions	171
3.4.3.1	Proposed Policy and legislations	171
3.4.3.2	Strategic programs	171
4.0	INTEGRATED SECTORAL PLAN OF REVISED MPFD	173
4.1.	Policy and Institutional Development	173
4.1.1	A Framework for Forest Policy Development in the Philippines	173
4.1.2	Scope of National Forest Policy	173
4.1.3	Policy Imperatives	174
4.1.4	Policy Objectives	174
4.1.5	Strategic Policy Measures	175
4.1.5.1	Forest Land Use and Management	175
4.1.5.2	Forest Resource Expansion	176
4.1.5.3	Improvement of Productivity	176
4.1.5.4	Management Planning	177
4.1.5.5	Promotion of People's Participation	177
4.1.5.6	Enhancing Protection Functions of Forests	177
4.1.5.7	Tree Planting for Protection and Land Rehabilitation	178
4.1.5.8	Forest Protection Measures	178
4.1.6	Environmental Conservation	178
4.1.6.1	Protected Area System Management	178
4.1.6.2	Improving Environmental Conservation	179
4.1.6.3	Environmental Conservation and Income Generation	180
4.1.7	Enhancing Socio-Economic Contributions of Forestry	180
4.1.8	Incentives for Communities and Stakeholders Participation	181
4.1.9	Institutional Arrangements	181
4.1.10	Organizational Restructuring	181
4.1.11	Changes in Laws, Rules and Regulations	182
4.1.12	Investment and Financial Matters	183
4.1.13	Inter-Sectoral Co-ordination	183
4.1.14	Information, Education and Communication, and Training	184
4.1.14.1	Strategies for Education and Training	184
4.1.14.2	Extension and Communication	184

4.1.14.3	Program Components	185
4.1.14.3.1	Strengthen Forestry Extension and Communication	185
4.1.14.3.2	Strengthen and Rationalize Manpower Training	185
4.1.14.3.3	Improve the Quality of Forestry Education	185
4.1.15	Monitoring and Evaluation, Communications	185
4.1.15.1	FMB as a land management agency	185
4.1.15.2	FMB reverts as a line agency, draft bill	186
4.1.15.3	Formulation of information needs of the forestry sector	186
4.1.15.4	Formulation of criteria and indicators for sustainable forest management	186
4.1.15.5	Institutionalization of Management Information System (MIS) and Decision Support System in the FMB and the DENR	186
4.2	Programs on Watershed and Forest Management	187
4.2.1	Watershed Management Component of the Revised MPFD	187
4.2.1.1	Objectives	187
4.2.1.2	Guiding Concepts and Principles	187
4.2.1.3	Watershed Strategies	189
4.2.1.4	Program Components	189
4.2.2	Natural Forest Management	193
4.2.2.1	Dipterocarp Forests	193
4.2.2.2	Mangrove Forests	193
4.2.2.3	Pine Forests	193
4.2.3	Grazing land Management	194
4.2.4	Protected Area Management	196
4.2.5	Urban Forestry Development and Management	197
4.2.4.1	Institutional Aspects	197
4.2.4.2	Social & Political Aspects	197
4.2.4.3	Biophysical and Technical Aspects	197
4.2.4.4	Research Support	198
4.2.4.5	Other Recommendations	198
4.3	Programs on Livelihood and Poverty Eradication	198
4.3.1	Community-Based Forest Management	198
4.3.2	Forest Plantation Development	202
4.3.2.1	Policy and Regulatory Directions	202
4.3.2.2	Primary programs and activities	203
4.3.3	Sustainable Management of Residual Dipterocarp Forests	205
4.4	Programs on Forest-Based Industries Development	206
4.5	Support Programs (Cross-Cutting Programs)	208
5.0 STRATEGIC PROGRAMS IMPACT ASSESSMENT		
5.1	Business as Usual	210
5.2	With the Revised Master Plan	210
5.2.1	Policy Reforms and Institutions Development	211
5.2.2	Prioritization/watershed integrated land use planning simultaneous with forest boundary delineation	211
5.2.3	MIS, IEC and R & D enhancement	211
5.2.4	Sustainable management of residual forests, other natural forest arresting forest destruction	212
5.2.5	Forest area expansion through plantation development, ANR, other means	212
5.2.6	Biodiversity and environmental programs	212

5.2.7	Forest industries rationalization and development	212
5.2.8	Sustainable management of grazing lands	212
5.2.9	Full development of M & E and C & I system for all forest types and management systems	212
5.2.10	CBFM as a cross cutting strategy in all forest management systems	212
6.0	REVISED MASTER PLAN IMPLEMENTATION	
6.1	Strategic Institutional Actions	214
6.2	Financing Program	214
6.3	Schedule of Implementation	215
6.4	Budgetary Requirements	215
6.5	Monitoring and evaluation, and communications	223
6.6	Review and Revision	223
